WhistleB offers a next generation whistleblowing service, a third-party solution that enables a whistleblower to report a suspicion of misconduct in a secure way. Our customers include global and regional companies in various sectors as well as investors, public authorities and associations. We have a market coverage of 150+ countries on all continents.
Contributing to high business ethics

WhistleB’s key contribution to our customers is to prevent and reduce the risk of wrongdoings. The scope of whistleblowing covers for example bribery and corruption, improprieties concerning accounting, health and safety issues, discrimination and environmental crimes.

The purpose of the whistleblowing service is to encourage individuals to blow the whistle on suspected misconduct without any risk of retaliation.
